

Dear Parents,

Thank you to all who shoveled snow last year.. This method has seemingly been successful, and generally acceptable to everyone. We ask parents to encourage their older children to help with the shoveling duties. We are adding every family to the list this year. If a circumstance exists which precludes you from helping with snow removal, please find a replacement from the list or ask a 7th or 8th grader to help with the shoveling.

There are snow shovels and sidewalk salt in the entryway at school or the church. There is a snowblower in the garage. Please make yourself familiar with the machine and how to access it prior to the week you are scheduled. We need the sidewalks near the school cleared PRIOR to the beginning of the school day. The sidewalk on 19th is optional; the trustees will contact church members to clear it.
